PROFESSIONAL EXPERIENCE

CORRELATION VENTURES

San Diego, CA

Data Analyst Intern

Jun 2023 - August 2023

- Unlike most VC Firms, instead of investing based on the characteristics of the founders, Correlation employs algorithms to determine which startups to invest in
 - Leveraged LLMs like ChatGPT and Bard to populate their database with information on companies to be fed into the algorithm
 - Created a Python program for it to be easily automated

CODECOMBAT INC.

San Francisco, CA (remote)

Design Intern

May 2022 - Feb 2023

- Collaborated with Development VP to spearhead curriculum design for new product launch.
- Worked as backend developer for the game, Ozaria, which is used by 20 million learners worldwide.
- Provided a unique perspective as a student who took AP CSA which was valuable in creating effective study material for future learners.
